WOAH!

KEIJI!

GENTLEMEN!

HELLO, EVERYONE.  
DR. COLBERT.

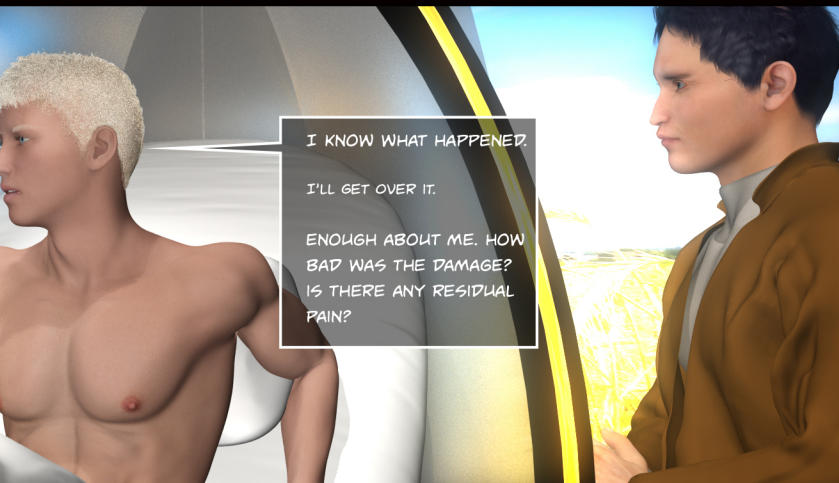

I SEE YOU ARE FEELING  
MUCH BETTER. YOU  
HAVE AGED.

YEAH! IT'S ABOUT TIME!

IT'S THE REGEN PROCESS; IN ADDITION TO  
REPAIRING DAMAGE, IT CAN--IN YOUNGER  
PATIENTS--ACCELERATE MATURATION.  
OF COURSE, DR. COLBERT IS EIGHTEEN SO  
THERE WASN'T A LOT OF LATENT GROWTH.

HE DID ADD A CENTIMETER IN HEIGHT, BUT  
HAD SOME MUSCLE LOSS WHICH WE CAN  
TWEAK IN HIS CHEMS. YOU CAN SEE  
CHANGES IN FACIAL STRUCTURE, BUT IT'S  
LIKELY THESE WOULD HAVE OCCURRED  
NATURALLY WITH TIME. HIS HAIR IS COMING  
BACK, TOO.

HOW ARE YOU  
ADJUSTING? HOW  
MUCH DO YOU  
REMEMBER?

I KNOW WHAT HAPPENED.  
I'LL GET OVER IT.

ENOUGH ABOUT ME. HOW  
BAD WAS THE DAMAGE?  
IS THERE ANY RESIDUAL  
PAIN?
