

YOU'RE DIFFERENT, THOUGH. THEY PURPOSELY MADE YOU LOOK -- **MENACING**.

YOU THINK I LOOK **MENACING**?

YOU KNOW WHAT I MEAN. **HUMAN ENOUGH**, BUT YOU'RE NOT FOOLING ANYONE.

ALL THE TESTING SHOWS THAT THE HUMANS PREFER A DISTINCTIVE DIFFERENCE FOR SYNTHETICS IN POSITIONS OF AUTHORITY. TOO CLOSE, AND YOU GET, HOW DO YOU SAY--?

CREEPED OUT.

BUT THAT DIDN'T STOP THEM FROM GIVING YOU THE MUSCLE BOD AND THE SQUISHY NANOPRENE.

SORRY. IT'S JUST KIND OF **CREEPY**.

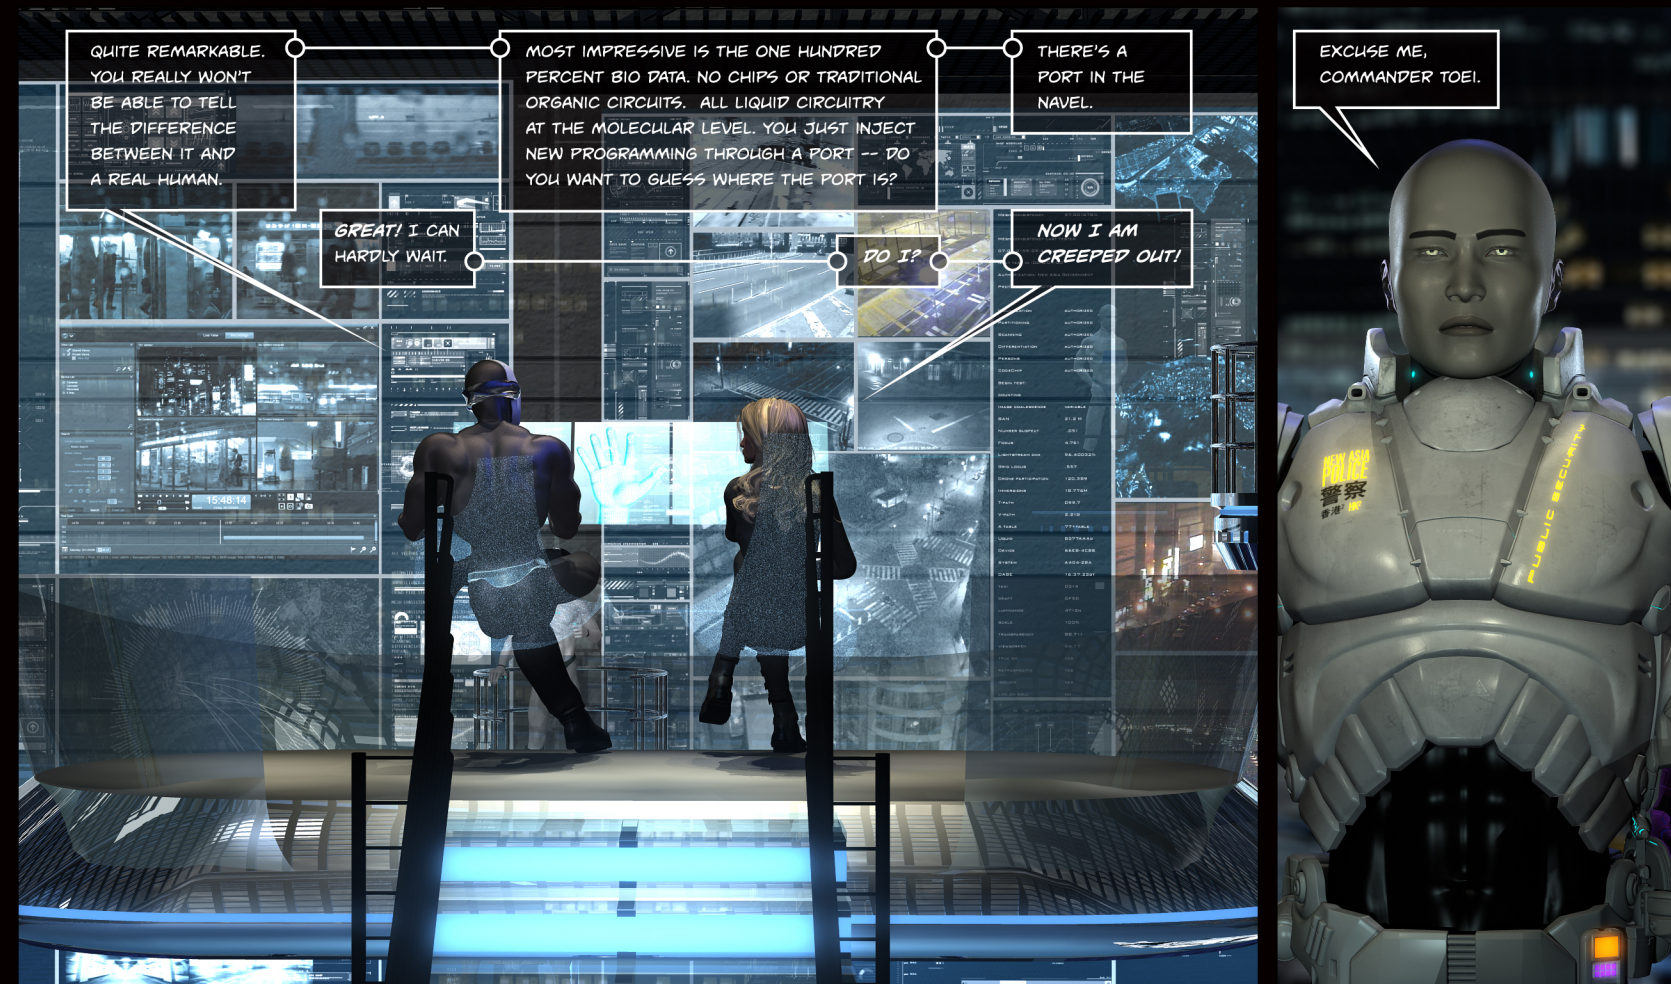

NO DIFFERENT, THAN YOUR DOMESTIC AND THAT MODEL SIMULATES BREASTS, AS I RECALL. HUMANS PREFER THE **NAKED IDEAL**.

YOU COULD HAVE **SERIOUS ISSUES** WITH THE NEW T-CLASS MODEL.

I DO HAVE **SERIOUS ISSUES** WITH THE T-CLASS - THAT WHOLE IDEA BUGS ME.

SO THEY HAD THE BIG DEBUT TODAY. HOW DID IT GO?

QUITE REMARKABLE. YOU REALLY WON'T BE ABLE TO TELL THE DIFFERENCE BETWEEN IT AND A REAL HUMAN.

MOST IMPRESSIVE IS THE ONE HUNDRED PERCENT BIO DATA. NO CHIPS OR TRADITIONAL ORGANIC CIRCUITS. ALL LIQUID CIRCUITRY AT THE MOLECULAR LEVEL. YOU JUST INJECT NEW PROGRAMMING THROUGH A PORT -- DO YOU WANT TO GUESS WHERE THE PORT IS?

THERE'S A PORT IN THE NAVEL.

GREAT! I CAN HARDLY WAIT.

DO I?

NOW I AM **CREEPED OUT!**

EXCUSE ME, COMMANDER TOEI.
